

How to use the V4 Puppetstand

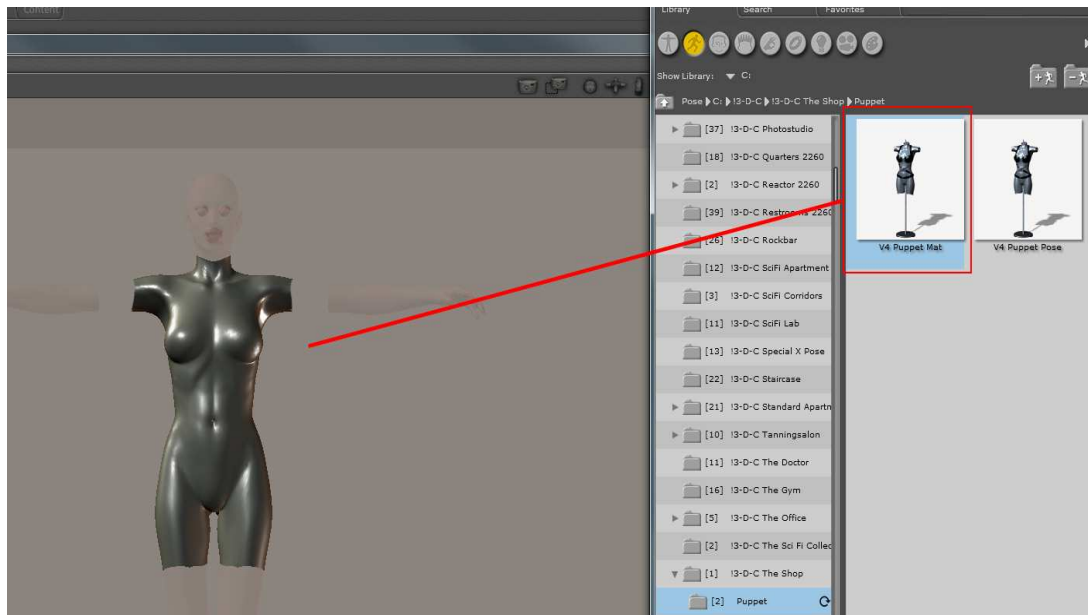

Load a plain V4 (best without any morphs)

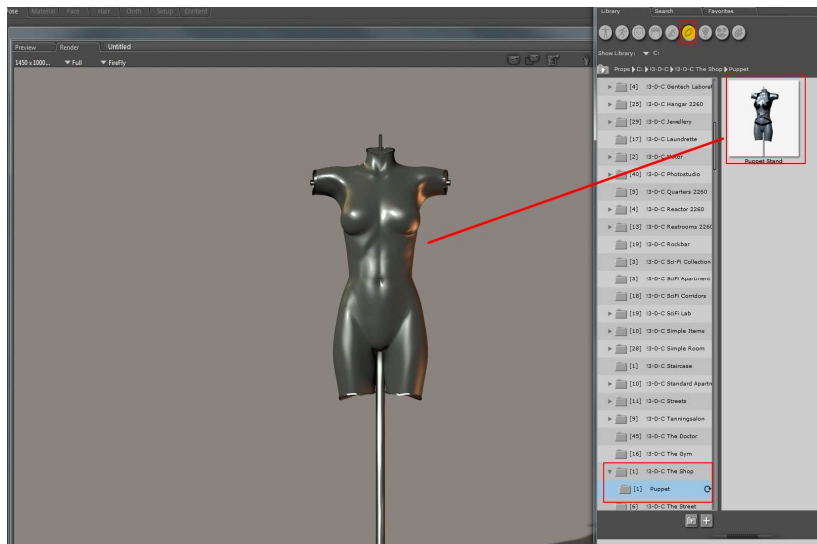

Now, go to the pose section, select the „!3-D-C The Shop – Puppet” directory and apply the V4 Puppet Pose. You shall the feet relax. IK Shall now be turned off.

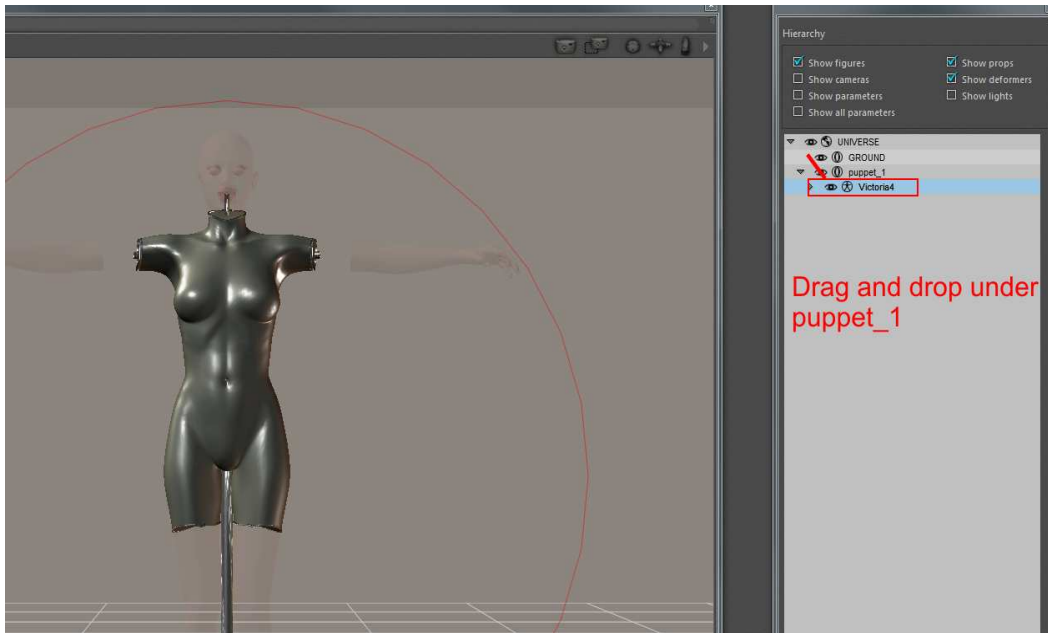

Next, apply the V4 Puppet Mat. You shall see similar as below now.

Now, switch to your props section and load the Puppet Stand

You probably want to move your stand together with your V4 puppet. So select the BODY of V4s Hirarchy (Use the Hirarchy Editor) and drop it under the puppet stand:

You can now load any clothing and conform to V4. You can select the puppet prop and move it around.
